ANNOUNCEMENT- START OF NEW BENEFICIARY REGISTRATION IN DALI

Dear Participants,

We are pleased to inform you that as of January 1st, 2023 the new registration tool will be enabled in production with the same link that we gave you for testing purposes. For this reason, we have suspended the application in order to conclude with the testing stage and so that all the forms entered through this means once the application is enabled will be reflected in Dali as new beneficiaries in production.

Participants are reminded that it is their obligation to monitor and check that all the information reported is correct and truthful, as well as that the records correspond to their clients. In case of detecting any record that you do not recognize, please notify us as soon as possible in order to proceed to its elimination and thus avoid affecting the invoices that will be sent at the beginning of each month.

We thank you very much for your participation and remain attentive to any comments in the following means of consultation:
